- Oakgrove is supportive of my son and me
- I have seen a huge improvement in my son's behaviour and learning . He seems less anxious about school. School has been in contact with us during the whole school year in regard to his progress. They have worked hard and we are happy that my son has settled into school over the last year
- I am happy with all that Oakgrove have done for my son and thanks to you all
- My son is progressing well. He is loving Oakgrove school and I am happy because I can contact school with any concerns or problems
- Thank you so much to the Oakgrove staff – You have made my child happy and us. A 5 star school. Before my child got a place at Oakgrove I was scared and worried that my daughter would never be in a happy, supportive educational environment. As a family we are honoured that she has spent a year in a school that goes above and beyond. They have given her the support she needs and deserves. We are so grateful.
- Everything has gone so well this year. The communication has been excellent all through the year. We could not have hoped for any better.
- We are very very pleased with the standard of education and care he has received. The communication has been excellent. There is a general family feel – One big family. Oakgrove rebuilds broken children.
- I was so pleased with his school report. Oakgrove is the best thing that has happened for him. He is so happy
- His reading and writing has really improved. Some days on transport are good and other days not so good.
- I am really grateful. He has progressed so well. It has been the best school for him
